The AFA Executive Council is recommending that the AFA membership consider two issues of great importance. One is a change to the AFA Constitution that would add one adjunct faculty representative seat to the Council. The other is a proposed dues increase to support the ongoing efforts of AFA. As a member of AFA, you are entitled to vote on the TWO separate issues below which have been referred to the membership by a vote of the AFA Executive Council. Please give them your careful consideration. If you have any questions, call any Council member or the AFA office (ext. 4731).

Ballots are due back by FRIDAY, APRIL 26, 1996

PROPOSED CONSTITUTIONAL CHANGE

The AFA Executive Council recommends the following change to the AFA Constitution:

Article IV, Section 2:

Eleven people on the Executive Council shall represent regular, probationary and temporary faculty and four five people shall represent the adjunct faculty.

Rationale for change:

It was the original intent of the Constitution to provide representation on the AFA Executive Council that would be 75% regular faculty and 25% adjunct faculty, reflecting the AB 1725 goal of 75% of classes taught by regular faculty and 25% of classes taught by adjunct faculty. The AB 1725 goals have not been achieved at SRJC. The actual ratio of classes taught at SRJC is now approximately 67% taught by regular faculty and 33% taught by adjunct faculty. The percentage of classes taught by adjunct faculty has increased over the past year. By adding one more adjunct seat, the number of regular and adjunct representatives will reflect more fairly the actual ratio of classes taught. (The composition of the Council would then be 69% regular faculty representation and 31% adjunct faculty representation.)

ALL FACULTY ASSOCIATION BALLOT
PROPOSED CONSTITUTIONAL CHANGE
Spring 1996

☐ YES, I vote in favor of the change to the Constitution adding one adjunct seat to the Council.

☐ NO, I vote against the change to the Constitution adding one adjunct seat to the Council.
